**Subject:** RE: Questions on MBTA CRMF (MA0003590) & MA authorization process

Hi Undine-

I was off last Friday and Monday and then having computer issues yesterday. Thursday morning would work for me, if that still works for you. I will tell you there has been no recent communication between EPA and Massachusetts on delegation. The Governor had a press conference a few months ago. The money he had put in the state budget for the initial effort has already been cut.

Let me know what time on Thursday.

-Michele

**Subject:** Questions on MBTA CRMF (MA0003590) & MA authorization process

Hi Michele,

Happy Friday!

If you have some time today or next week, I'd like to hear your thoughts on two somewhat broader questions for the MBTA CRMF permit and also the MA authorization process. Dave Webster mentioned that you are working on the MA authorization process with ORC, and I've talked to you about the MBTA CRMF permit, so I thought you might have some insight.

## Ex. 5 Deliberative Process (DP)

I'm around all day today until about 5pm. Next week, my most flexible times are Monday afternoon (5/22), Tuesday (5/23), and Thursday morning (5/25).

Thanks,

Undine
